

PACIFIC SLOPE.
DAMAGE ON
SALT RIVER.

*Heavy Rain Causes It to
Overflow Country.*

*Railroad Tracks and Farming
Property Suffer.*

Boy Killed While Chasing a Cow—Mad Woman.

(BY DIRECT WIRE TO THE TIMES).

PHOENIX, Jan. 11.—[Exclusive Dispatch.] Salt River is pouring over the Arizona canal dikes more than three feet deep, making a wastage of a million and a half of miners' inches, giving a nine-foot rise in that channel. The Salt River bridges are undamaged, though the rising water has done some false work for the new Southern Pacific steel bridge at Tempe. The Consolidated and Buckeye canal dikes are badly indured; the Agua Fria Verde and Hassayampa rivers are out of ford. The Southern Pacific connection was obliged to transfer passengers over a break south of Tempe, and has an untried tought-of south-bound train.

The train also was stalled, and the incoming train at midnight, was detained till the evening by a score of small breaks, mostly near Congress.

The Pacific main line a west-bound freight train, which had lost track derailed an east-bound freight train at Mohawk Summit. Traffic has been around it by a shoulder of water averaging two feet in depth, covered the valley. The water was from the mountains from the northern hills. Canal banks were washed away. Roads and many thousands of dollars damage done to farms. The water farmers will be benefited later, though most thorough irrigation the country.

The village of Glendale was flooded the overflow of Cave Creek and by the water. The houses and many buildings, including the hotel addition, in the western part of the city.

partly inundated, village of consumptives, with the tents of two physicians in attendance about the building, is connected with the Catholic Hospital. Several unfortunates will die from the exposure. The rest of the patients pathetically pleaded to be allowed to remain and

SOUTHERN ARIZONA VERY WET.
(BY THE ASSOCIATED PRESS.—P.M.)
PERSCOTT (ARIZ.) Jan. 1.—The winter storm experienced in Southern Arizona for several years has been in progress three days. Snow has been falling here for the last two days in quantities similar to those, while at altitudes of 8000 feet above the precipitation has been snow.

SACRAMENTO.

(Continued from First Page.)

they could have had more than sixty members present, but they chose rather to give opportunity for others to get to the band wagon if they desired. It was announced that the night there would be another caucus at 10 o'clock this morning.

Although they should have known better, the opponents of Flint took the attitude of last night to secure a majority as indicative of his having reached the flood tide of his strength, and they therefore continued to claim that they had a chance. In the Knight headquarters as late as 3 o'clock this morning it was claimed that the fight was still an open one. In the hard headquarters the assertion was made that the fight had not been fought yet, and that today would see a different condition of affairs. Politicians who have grown gray in the service were fooled by the showing.

It was Arthur Flak who first realized what was in the air, and late last night, or rather, early this morning, released his followers and told them to support him or leave him. That they would support Flint he well knew, but he was careful not to ask them to do so.

When the other managers awoke this morning they found before them nothing awakening, and that was the set that during the night the fifty-two had attended the caucus of last night had grown to sixty-five, and that the caucus call contained the signatures and pledges of seventy-five names. That settled it. There was a human possibility of overcoming an advantage. Some of the Flint workers did not know it, and even after the caucus which was held last night was in session they went to work to try to secure votes.

MORNING CAUCUS.
At 9:30 o'clock this morning the republican caucus met. It was presided over by Assemblyman Bliss, who was known to all members, correspondents, attaches and others as "Pop" Bliss, a man who has earned himself to all who know him, major Hahn made the motion that the caucus declare for Frank P. Flint, and the motion was unanimously adopted. There were hard men, light men, Flint men, Oxnard men and many others.

Congratulatory telegrams poured into the Flint headquarters until 3:00 of the felicitous messages had been received early in the evening. They came from all parts of the country, the signers being the following: U. S. Grant of San Diego, Bank Commissioner Guy C. Barham, Frank Wiggin, secretary of the Los Angeles Chamber of Commerce, Judge F. W. Henshaw, Judge W. S. Wells, T. L. Ford, Union League Club of San Francisco, Judge Erskine M. Ross, Rev. Hugh K. Walker of Los Angeles, Hermann W. Hellman of Los Angeles, United States Marshal E. J. Boust of Fresno, Ex-Gov. Henry T. Gage, A. H. Ashley of Stockton, United States Attorney Marshall B. Woodworth, Frank A. Leach, Superintendent of the San Francisco Mint, Collector of the Port of S. Stratton, James A. Fosbury, Superintendent of Schools of Los Angeles, and Guy C. Earl of San Francisco.

When asked for a statement of the policy that he is to pursue while in Congress, Senator-elect Flint dictated the following interview:

WHAT FLINT FAVORS.
"I am in favor of increasing the powers of the Interstate Commerce Commission. I am opposed to the ownership of private car lines and railroad rebates, and will do all in my power to stop these evils. I stand with President Roosevelt on the trust question, and favor the increase of appropriations for the reclamation of arid lands. It is to be my endeavor to see that a just proportion of the appropriations for this purpose is expended in California.

"I am emphatically in favor of Statehood for Arizona, and will seek to bring about a revision of the present mining laws as applied to oil lands.

"Notwithstanding the fact that I come from the south, I propose to stand for the representative of the entire State.

"Laws looking to the preservation of forest reserves will receive my earnest attention, and especially in districts where the water supply depends on timber lands."

Flint will depart tomorrow for Los Angeles, that he may attend a banquet to be given in his honor next Friday night by the Chamber of Commerce of that city.

George A. Knight, one of the defeated candidates for the Senate, departed this afternoon for San Francisco.

Arthur Flak remained in the city, and Henry T. Oxnard went out on a short distance to visit at the home of a friend.

BROUGHTON'S BILL.
IMPORTANT TO LOS ANGELES.
[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] Probably the most important bill that has been introduced this session which has a direct bearing upon Los Angeles was the one which was presented today by Senator Broughton, who is the author of the famous Broughton Franchise Bill which was so vigorously attacked four years ago but which in its amended form has been entirely satisfactory.

The present law provides that the Broughton Act shall apply to cities only and whenever a county franchise is to be sold it must be given to the highest bidder without giving the privilege of competitive bidding. The new bill provides that any county shall enjoy the same privileges as the cities. This is to say, counties shall enjoy the benefits of competitive bidding.

Inasmuch as several telephone and electric railroad franchises are to be asked for from counties in the southern end of the State, if the proposed law passed it will make it possible for franchises to be sold at a higher figure than would otherwise be possible.

Broughton says the bill will pass.

PRISON REFORM.
SUBJECT COMES UP TODAY.
[BY THE ASSOCIATED PRESS—P.M.] SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] The great question of the reorganization of the penal system of the State will be taken up tomorrow by the Assembly upon the presentation of the report of the hold-over committee on State Prisons, consisting of Speaker Prescott,

chairman; Assemblyman McKenney and Ex-Assemblyman Dunbar.

The report not only deals with the reorganization of the penal system but goes into the merits of the strait jacket as an instrument of reform; and, while it does not directly condemn the strait jacket, it suggests more modern and humane methods by which, it says, the same result can be had.

The report is the result of an exhaustive examination of the penal institutions in other States of the Union and foreign countries, completed by J. F. Carrere, secretary of the committee. At the time of the presentation of the report tomorrow Assemblyman McKenney will present four bills which will provide for the correction of the evils that have been found to exist. The report says, in part:

"With the exception of some prisons in the South, the prisons and the prison system in California seem to be as defective as any in the country. The accommodations for the prisoners are entirely inadequate and unsuited for the purposes for which it is intended. The prisoners are crowded together in the most insanitary manner, doing the best they can with the means at their disposal to manage the prisons as they should be, it is impossible to expect any satisfactory results under existing circumstances.

"In the first place, there is no possibility of giving each prisoner a separate cell. The result is that the young and inexperienced criminals are frequently placed in direct contact with experienced convicts, with the inevitable result that the novice learns many tricks and details of crime with which they were not before acquainted, learn to look upon vice as a profession, and are not disgraced and to be condemned; and, above all, in many cases are taught the most revolting vices, so that they leave the prisons not only unimproved by their incarceration, but many times worse and more hardened against society."

WOULD CHANGE WHITTIER.
"Under our ideas of prison reform we would convert the State School at Whittier into a reformatory, similar to those in Massachusetts. To send delinquents and boys to congregate together for years and expect satisfactory results is so absurd that we do not deem it necessary to give it matter any lengthy discussion."

Touching on the strait-jacket question, the committee has the following to say:

"The question of the punishment of criminals in the United States and California is so great that the need of reformatory measures is very evident. If they are to be of any use, they must be placed in their proper place, and for most criminals that means a life of crime for the rest of their days."

DAVID T. PERKINS, Who Nominated Bard.

A committee was appointed to escort Senator-elect Flint to the Assembly chamber, and they performed their duty. Flint made an excellent speech and the joint session adjourned.

LARGE RECEPTION.
[BY THE ASSOCIATED PRESS—P.M.] SACRAMENTO, Jan. 11.—That the Senatorial fight is all over but the shouting was exemplified tonight at a large reception given by Senator-elect Frank P. Flint at his headquarters.

From 8:30 o'clock until midnight, he formally received, and his health was repeatedly toasted by members of the Legislature and by others who had been interested in the Senatorial contest.

Congratulatory telegrams poured into the Flint headquarters until 3:00 of the felicitous messages had been received early in the evening. They came from all parts of the country, the signers being the following: U. S. Grant of San Diego, Bank Commissioner Guy C. Barham, Frank Wiggin, secretary of the Los Angeles Chamber of Commerce, Judge F. W. Henshaw, Judge W. S. Wells, T. L. Ford, Union League Club of San Francisco, Judge Erskine M. Ross, Rev. Hugh K. Walker of Los Angeles, Hermann W. Hellman of Los Angeles, United States Marshal E. J. Boust of Fresno, Ex-Gov. Henry T. Gage, A. H. Ashley of Stockton, United States Attorney Marshall B. Woodworth, Frank A. Leach, Superintendent of the San Francisco Mint, Collector of the Port of S. Stratton, James A. Fosbury, Superintendent of Schools of Los Angeles, and Guy C. Earl of San Francisco.

When asked for a statement of the policy that he is to pursue while in Congress, Senator-elect Flint dictated the following interview:

WHAT FLINT FAVORS.

If they are to be of any use, they must be placed in their proper place, and for most criminals that means a life of crime for the rest of their days."

THE LEGISLATURE.
THIRTY-THIRD SESSION.
[BY THE ASSOCIATED PRESS—P.M.] SACRAMENTO, Jan. 11.—[Exclusive Dispatch.] In the Senate, Emmons presented a constitutional amendment providing for the framing of a new constitution by voters and a constitutional amendment providing for direct nominations.

An Assembly joint resolution was introduced by Senator-elect Flint providing for the establishment of a national park at "The Pinnacles," San Benito county.

After the program attending the taking of the joint ballot had been concluded, the Senate reconvened and immediately adjourned until tomorrow at 11 o'clock.

ASSEMBLY.—The Assembly adopted Senator Woodard's concurrent resolution, memorializing the representatives of California in Congress to oppose the enactment into law of the suggestion of the internal revenue commissioner that a tax of 25 cents per gallon be levied on brandy and in fortifying sweet wines, especially in this State. The resolution sets forth that the proposed tax would bankrupt vinticulturists and destroy property valued at millions of dollars.

The committee on Ways and Means organized this morning and decided to recommend the purchase of codes for the members of the Assembly.

Petitions were presented to the Assembly this morning by Readwell of San Francisco, providing that at the next State election an amendment to the Constitution be submitted to the people granting women the right of suffrage. The petition bears the signatures of President David Starr Jordan of Stanford University, United States Senator George C. Perkins, Gov. George W. Pardee, George A. Knight, Francis Crocker of San Francisco, Lovell A. White, Judge Carroll Cook and Judge Frank McGowan, chairman of the San Francisco delegation; Collector of the Port Stratton, J. S. Goodell of Oakland. The petition was ordered printed in the Journal.

The Assembly adjourned until tomorrow morning at 11 o'clock.

A bill for the reclamation of the Yosemite Valley was introduced in both houses of the Legislature. The bill presented in the Senate and Assembly is identical. It is known as the Mariposa Big Tree Grove reclamation bill. The bill was introduced by Senator-elect Flint, and is known as the Mariposa Big Tree Grove reclamation bill.

STOCKMEN KEEP RAILROADS OUT.
Latter May Not Join Former's Organization.

Denver Convention Sits on "Get-together" Plan.

Texas Roads Alleged to Have Raised Rates.

DENVER, Jan. 11.—[Exclusive Dispatch.] Texas or California will get the headquarters of the National Live Stock Association, which will be moved from Denver at the end of this meeting, secretary will be selected from one of the States named and the headquarters sent to his home city.

It is the plan of the majority of the stockmen to take the machinery of the organization so far from the foci of the range workers that no further attempts will be made to capture the organization.

It is certain that Texas and California will be the headquarters of the organization if there is not a strict line drawn between the railroads and the range interests. As matters now stand, it is not all certain that two organizations will not spring from this party.

The thousands of delegates here fully two-thirds are of the Far West, and in the conference committee, when they voted to exclude the railroads from the new plan or organization, this section voted as a unit.

The sheepmen want the packers in the new organization. Mutton has been in such demand for the past year that they have forgotten their wrongs against the packers. The cattlemen are stubborn, however, and the far will fight again when the conference reports to the convention at large today.

Two of the principal addresses of the convention today were those of W. W. Turner and H. S. Cowan of Texas. These were the only part of the program that was not neglected for gossip over the new plan of reorganization and words of counsel.

One of the largest and most important sales of ranch land which have taken place in Colorado in some months was closed today through the purchase by Frank J. McCarthy of Los Angeles, Cal., who is here attending the convention, of 10,000 acres of land in Weld county, situated about seven miles from Greeley. The price paid is not announced, but is understood to be \$250,000.

The Colorado Bureau of Immigration Company handled the deal.

PRECEDENT TATED FIGHT.
[BY THE ASSOCIATED PRESS—P.M.] DENVER, Jan. 11.—The reorganization plan of President Frank J. Hagenbarth, by which the National Live Stock Association was to be remodelled, and its control vested in a board composed of representatives of traders and interests allied to the raising of live stock, has been torn to pieces so far as the railroads are concerned. For two days, an excited and bitter fight was waged in the committee room of the association, and it will require at least one day more to finish its work. No report will be given at the convention before Friday morning.

Before it was definitely concluded to prevent the railroads from acquiring membership in the association a bitter fight was waged in the committee room of the association, and it will require at least one day more to finish its work. No report will be given at the convention before Friday morning.

The Texas and Colorado cattlemen have come so wrought up over the possibility of the railroads having a voice in the management of the live stock association that they have announced their intention to withdraw from the association if the measure was carried. Other western organizations gave evidence of a desire to take similar action at a disadvantage, the plan to admit the railroads would probably have resulted in the disruption of the National Live Stock Association.

There was a lively debate over the packers, but it was finally decided to admit them to the association, and they will be admitted into the association. Only the railroads remain outside. The roads are at a disadvantage so far as the hearing is concerned. They have no representation in the convention, and are unable to speak when speeches are being made. Their cause has been upheld before the various committees by men who believe they should be admitted, but they are not trained traffic officials.

The general committee today completed a new set of bylaws for the control of the organization, which are to be printed tonight, considered anew by the committee tomorrow, and then by the various organizations tomorrow afternoon, considered again by the committee and finally presented to the convention for action Friday morning.

At today's session Frank Bruton of Colorado read a paper describing livestock conditions in the past as compared with those of the present. His remarks were filled with humorous hits at the cattle business and kept the convention in continuous laughter. Bruton deplored the low prices for beef.

JOEY'S DICTUM.
LONDON, Jan. 11.—Joseph Chamberlain, speaking at Preston tonight, defended his fiscal policy for the first time before a Lancashire audience interested in the cotton situation. He repudiated all the arguments, Chamberlain asserted that he would never again hold office in the government unless he could advance the great cause to which he had dedicated the remainder of his strength and life.

RESIDENCE BURNED.
Fire of unknown origin partially destroyed the residence of L. Silverstein, No. 223 Alhambra street, at 10:30 o'clock last night. The building, a two-story frame, was damaged to the extent of \$1000. The loss on contents amounted to \$250. The fire started in the rear of the house.

The old time establishment of J. do in Montana & Company, San Francisco, has been closed and the property and good will has been purchased by the Pacific Hardware and Steel Company for a sum approximating half a million dollars.

FLASHES FROM THE WIRE

With a pistol and razor, John Miller, a Chicago cook, killed his wife and infant daughter today, fatally wounding another young daughter, and then attempted suicide. Jealousy is believed to have been the cause.

The immense plant of the St. Louis Plate Glass Company, at Valley Park, twenty miles west of St. Louis, was partially destroyed by fire today, entailing a loss estimated at \$250,000. Five hundred employes are out of work.

The London Morning Leader's Copenhagen correspondent reports the discovery at Lund, Sweden, of a book containing the text of Shakespeare's "Titus Andronicus," printed in London in 1594. The oldest edition hitherto known is the 1600 quarto.

Herbert George has been reflected president of the Citizens Alliance of San Francisco. The election was held by mail. Of the 17,000 ballots sent to members, nearly 70 per cent. were returned endorsing the present administration.

The Tribunal of Home publishes a semi-official statement to the effect that Italy has not designated the United States government to act for her with regard to Venezuelan matters, and adding that Italy and the United States will act jointly in Venezuela only as regards questions of mutual concern.

The Oklahoma Legislature met in joint session yesterday and listened to the message of Gov. G. B. Ferguson. A bill of incorporation has been filed by the Steamship Association of St. Francisco. The capital stock is \$100,000.

In the case of Lee Look, recently sentenced for the third time to be hanged, the defense has appealed to the United States Circuit Court from the order of the United States District Court denying him a writ of habeas corpus.

At Milwaukee, fire last night gutted the establishments of the George P. Zeigler Company, confectioners, and Benjamin Young, wholesale saddler. Loss, \$250,000.

President E. P. Ripley of the Santa Fe Railroad Company has withdrawn his request for a hearing before the Interstate Commerce Commission in the Colorado Fuel and Iron Company rebate case.

The remaining members of the Danish Cabinet have resigned. King Christian has requested the Ministers to carry on business until their successors are appointed.

At Chelsea, Mass., fire this (Thursday) morning gutted the Academy of Music, the Hotel Savoy, and a four-story tenement. Loss, \$200,000.

BANKERS ARRANGED. CLEVELAND, Jan. 11.—When L. P. Olinger and J. H. Zimmerman, two officials of the Western, C. & N. National Bank arrived here, in the custody of two secret-service men from Victoria, B. C., where they were placed under arrest several days ago, charged with embezzling the funds of the bank, the two bankers were at once arraigned before a United States commission.

At Chicago, the two bankers were at once arraigned before a United States commission. The commission is composed of two secret-service men from Victoria, B. A Sample Line and a Surplus Stock of ART LINEN PIECES
At One-Half Their Worth
Stamped, Appliqued and Drawn Work Pieces

We recently secured the entire sample line and surplus stock of art linen pieces from one of the biggest importers in New York. There are choice imported linens in the lot, stamped, appliqued and in drawn work effects; others that are hemstitched and many pieces of fine Battenberg work. Scarfs, shams, table covers, dollies, etc. These come just in the nick of time for spring house furnishings. We purchased the lot at 50c on the dollar, and offer them at just about one-half their actual worth. The choicest numbers will go first, so be prompt. Mail and telephone orders will be filled while the lots last. The sale begins this morning. Here's a hint at the prices.

Pure linen squares, hemstitched; some stamped for embroidery; others applied on net with scalloped edges; 15c values. Sale price, each, 5c.
Pure linen squares, some stamped, others with drawnwork edges, excellent qualities; regular 25c value. Sale price, each, 10c.

FIRE TAKES THE PAVILION

A. J. Hamilton & Son, 311 S. Broadway

[illegible]

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

City Engineer started yesterday afternoon to make a survey of the city's water supply. The survey will be completed by the end of the month.

Two important reforms affecting the city's finances have been inaugurated by the new administration.

City Attorney Matthews yesterday forwarded to the Board of Public Works a bill for the construction of a new sewer line. The bill is for the construction of a sewer line from the city hall to the city hall.

A complicated suit, in which the City of Los Angeles is the plaintiff, was heard yesterday by Judge Trank. The suit is for the recovery of a sum of money from the City of Los Angeles.

Mrs. Gertrude Driggs of the Hill will contest today, in a suit for the recovery of a sum of money from the City of Los Angeles.

Charles Murray was acquitted of the murder of Foss.

SEWER BRICK SORELY NEEDED.

WORK ON BIG DITCH ALMOST AT A STANDSTILL.

Independent Company Must Surrender by Monday or All Negotiations are Off—Council Committee of the Whole Issues Ultimatum.

Brickbats Still Flying.

Negotiations over securing brick for the outfall sewer have reached the point where the City Engineer has returned to the City Hall late yesterday afternoon for an all-day inspection of the work being done on the big ditch.

Under the terms of the contract, the independent company is to furnish the brick for the sewer under 10 per cent. specifications.

The proposal to cancel the contract with the independent company and purchase brick for the sewer under 10 per cent. specifications instead of 5 per cent. first came from the independent company.

It was upon the representation of the company's officials that they would surrender their contract and give the city the right of way over their land that the former Council advertised for brick under 10 per cent. specifications.

At that time it was understood that the Council should receive bids for furnishing the brick as low as the contract price with the independent company.

The independent company has now refused to do so, and the Council has decided to cancel the contract.

It is not natural that the independent company should be seeking to make the best bargain it can in retiring from the market.

At that time it was understood that the Council should receive bids for furnishing the brick as low as the contract price with the independent company.

NEEDED REFORMS.

BIO SAYING TWO TO THE CITY.

Results of the business administration which Mayor McAllister promised to give us are already becoming apparent in municipal circles.

Two important reforms affecting the city's finances have been inaugurated by the new administration.

Emergency requisitions for the purchase of city supplies have been discontinued, and the working force of every city department has been reduced to the number of employees provided for by ordinance.

Each of these reforms was contemplated by the former Council, but it remained for the present administration to enforce them.

Friendly cooperation between the executive and legislative departments is largely responsible for the prompt beginning of these reforms.

When Mayor McAllister recommended in his first message to the City Council that the purchasing system be reorganized, the council was ready to adopt it.

Under the new system, the purchasing system is to be reorganized, and the working force of every city department has been reduced to the number of employees provided for by ordinance.

Each of these reforms was contemplated by the former Council, but it remained for the present administration to enforce them.

Friendly cooperation between the executive and legislative departments is largely responsible for the prompt beginning of these reforms.

WIFE'S CLUB INDORSED.

Court Says She Did Right in Chasing Nasty Hubby With Big Stick.

P. M. Bragunier came before Judge Allen yesterday asking to be divorced from his wife, Florence.

The husband told on the witness stand that his wife had been guilty of cruelty in that she had chased him from the house on one occasion with a club.

That is all that is needed to get a decree when the wife makes default, but Mrs. Bragunier was represented by an attorney for the purpose not of contesting the divorce, but merely acquiring for the wife the custody of the children.

When Judge Allen learned of this fact he also became aware that the wife was herself in contempt, so he called her to the witness stand.

Mrs. Bragunier confessed that she had chased her husband from the house with a club, as alleged.

When Judge Allen asked her why she had done such a thing, she said that she was afraid of him.

Mrs. Bragunier said that she was afraid of him because he was a violent man and she was a weak woman.

She said that she was afraid of him because he was a violent man and she was a weak woman.

She said that she was afraid of him because he was a violent man and she was a weak woman.

COURT HOLDS COMSTOCK.

Hal Comstock was held by Justice Young yesterday to answer in the Superior Court on two charges of horse stealing.

The defendant is a relative of the Comstock boys, who were sentenced to long terms a few weeks ago for highway robbery.

Some of his relatives, who were concerned in the highway robbery, were also sentenced to long terms a few weeks ago for highway robbery.

Some of his relatives, who were concerned in the highway robbery, were also sentenced to long terms a few weeks ago for highway robbery.

MURRAY IS DISCHARGED.

Charles Murray, who for two days was under examination in Justice Chambers' court, charged with the murder of C. C. Foss, as the result of a kick in the side, was discharged from custody at the close of the defense for the defense yesterday.

Murray took the stand and acknowledged striking Foss with his fist, but denied that he had followed him to where he was shot.

Murray and his brother testified that it was the latter who shot the victim on the street, instead of the defendant, as testified to by two of the witnesses for the prosecution.

William Ettinger, employee of the Boyd Drug Company, at Washington street and Vermont avenue, yesterday paid a fine of \$40 as the penalty for selling a bottle of whiskey to an officer in citizen's clothes.

When arraigned on Monday Ettinger appeared with a lawyer and asked time to plead, but he "passed up" promptly yesterday.

BARBER'S GOOD JOB.

Man With Mended Back Falls in Street but Afterward Walks Away from Receiving Hospital.

Charles Cole was taken to the Receiving Hospital yesterday from the corner of First and Main streets, where he had fallen helpless in the street.

Cole, who is a well-known street vendor, had injured his spine by fracturing a vertebra, and was sent to the County Hospital to die, but he showed such evidence of vitality that Dr. Barber performed an operation and replaced the broken joint of the spine with a metal plate.

Placing Cole's body in a plaster cast, he improved from the start, and was finally discharged from the hospital Monday with injunctions to be careful and he would get entirely well.

He showed such evidence of vitality that Dr. Barber performed an operation and replaced the broken joint of the spine with a metal plate.

Placing Cole's body in a plaster cast, he improved from the start, and was finally discharged from the hospital Monday with injunctions to be careful and he would get entirely well.

He showed such evidence of vitality that Dr. Barber performed an operation and replaced the broken joint of the spine with a metal plate.

Placing Cole's body in a plaster cast, he improved from the start, and was finally discharged from the hospital Monday with injunctions to be careful and he would get entirely well.

He showed such evidence of vitality that Dr. Barber performed an operation and replaced the broken joint of the spine with a metal plate.

FAVORITES BOWLED OVER.

Six Public Picks Fail to Land Even Once.

Supposed Good Things Were Fictitious Alarms.

Long Shot Baby Grabs the Second Event.

Misled by track conditions that were a bit passing and the tips of the professionalists, the public was misled by the public picks.

To win against this kind of layout is about as hard as to keep the Espee from electing a Senator, but unlike the proceedings in the "house" of legislation the delegates to Ascot wouldn't quit when they saw they had no chance.

They simply buckled down to a finish and they got the finish.

If the people would learn to let the touts themselves play their sure things a lot of money would be saved that is now thrown into the air with every race.

Yesterday Mal Lowery in the first, Heather Honey in the third, Wager in the fourth and Kehalan in the last race were paddock specials for a lot of easy marks, and were played with a vengeance. It might be remarked that none of them won.

FORM HORSES WIN.

The real articles that figured to win during the afternoon and did win were Clover in the fourth, Eleven Bells in the fifth and Ralph Reese in the last and why anything else could be generally against these is a mystery.

In Clover's last race he led everything into the stretch at a mile, and Eleven Bells did the very same thing. As for Reese, he ran Escamado to a head finish at five furlongs in 1:19 1/2, with more weight than he had yesterday.

With these past performances of these horses before them the majority of the sports were misled off by Wager, Escamado and the false alarm Kehalan, and they left much money in the books as a consequence. As a matter of fact, the good sized sums were won by a large number on Tendi in the second, Elie in the third, Eleven Bells and Reese, the young Spanish husband of a street ruffian, way official's widow cashing \$300 on Elie in one book alone.

It was a queer card to guess winnings and losses on, for the tide of luck ebbed and flowed irregularly, and the winners of one race were generally played back on the next. Twelve books were on in the ring, and each had plenty of play, as there was a large crowd out to see the sport.

Hundreds of ladies were in the grand stand, and the betting ring below.

They saw nothing strange or startling in the races, and the spectators picked form reversal about by the horse Wood, who ran far back in the rack on Tuesday. Yesterday he got away last in a six-furlong race, cantered to the stretch, and was beaten only a neck by Clover.

The baby race, which was the second on the card, turned out to be a dump for many people, as it was won by the 10-1 shot, Tendi, three lengths in front of Silver Sue and the hot favorite, the Kitten B, five lengths farther back. Close finishes resulted in almost every race, and the day was a satisfactory one in this respect at least.

TODAY'S RACES.

The card today is as follows:

FIRST RACE—Six furlongs, selling; three-year-olds.

220 White Stone.....117

First—Masacre, Linda Rose, Bailey.

Second—Yarro, Capable, Dog Martin.

OMITA PARK

consists of 100 acres in full bearing orange trees; it is bounded on the north by Glendale, on the south by Tropic, on the east and west by Glendale and Central Avenues, the main arteries uniting these two fair towns.

For years the owner has been importuned to subdivide this fine property, and the home builders have been watching for an opportunity to buy and locate, but the crops have been so prolific and the income so large that the owner could never be persuaded to put it on the market.

Now, at last, the time has come; the property has been placed in our hands with instructions to subdivide and sell, and we are going to sell it. All the lots are large; one-quarter, one-half and one acre. Water piped on all streets, and each lot is covered with magnificent full bearing orange trees, a source of immediate income, which will pay you large interest on the price we ask.

Free Excursion

HOW TO GET THERE

Get your tickets at our office free. Take any Tropic or Glendale car at Sixth and Main; go at any hour you please. The conductor will let you off at LOMITA PARK. The route is scenic and grand. The car, after leaving the busy streets of the city, skirts that gem of Los Angeles, Echo Park; thence through Elysian Park along the mountain side, high up across viaducts, through thickly wooded hills till suddenly the grand panorama of the Tropic Valley bursts upon the eye. Cultivated, thrifty and prosperous, with its great strawberry fields, its green alfalfa pastures, its orchards, its walnut and orange groves, its gardens and vineyards.

"PREPS" HAND OUT SURPRISE.

U.S.C. BASKETBALL TEAM BEATEN BY ACADEMY.

Unexpected Result of Exciting Game Places Methodist College in a Dilemma, and it May Be Represented This Year by an Academy Team of Players.

Yesterday afternoon the basketball players at the University of Southern California continued its aggressive playing, but wild throws were less frequent and the accuracy of captain Ethel Hogan, who had been entirely out of form during the first half, quickly evened the tallyboard. The excitement began intense.

Much to the surprise of everyone the youngsters continued their vigorous style and with two spectacular field goals in the ninth quarter, they won the game by a score of 21 to 19.

The winning of yesterday's game places the school in a dilemma and there is a possibility that the Methodist college may be represented this year by an academy team, as every member of the winning bunch belongs to the lower classes. At least three of the academy members made good in yesterday's try-out, and will be chosen to place on the first team.

The college players were: Grace Ames and Christine Westren, guards; Alta Thornton, center; Mabel Payton and Hazel Bunker, forwards.

The academy line-up was: Lora Woodhead and Ruby Fuller, guards; Maunessa McMillan, center; Gladys Armstrong and Ethel Hogan, forwards.

As a result of the contest between the academy and college teams the probable line-up of the Methodist school will be: forwards, Mabel Payton (college); Ethel Hogan, (academy); center, Lora Woodhead, (academy); Gladys Armstrong, (academy).

The referee was Oliver Best; umpires, Arthur Hudson and Guy Prior.

PROCESSION AT TRACK.

BY THE ASSOCIATED PRESS.—P.M.] SAN FRANCISCO, Jan. 11.—(Exclusive) The ladies met yesterday afternoon and arranged the details for the tournament that is to begin at MacKenzie's next Monday night. It will be conducted on the new familiar "Sun" plan, by which each entrant bowls two series with each other entrant. Aside from the pleasure to be derived from the contest, which will be for the championship of Southern California, there are a sufficient number of good prizes to bring out the best, there is in the bowlers. Those who have entered are: Mrs. D. S. Lapham, Mrs. Scott, Mrs. Knox, Mrs. Adair, Mrs. Sherwood, Mrs. Mack and Mrs. Porter, and Mrs. Marsh and Mrs. Williamson of Newport will probably enter. Mrs. Quirk, another entrant, is expected to arrive from the East this week. The list will close next Saturday.

THE MARK OF GOOD CLOTHES

RELIABLE CUT PRICES ON MEN'S UNDERWEAR

Our North window shows a line of men's simple underwear at sharply cut prices. By staple we mean the standard kinds and colors, such as you will always find here and can match at any time—underwear that we know will wear right and give satisfaction, and of which we always carry a full line of sizes.

We have made a special counter of men's suits and overcoats at reduced prices—small lots, but big price cuts. Investigate.

Harris & Frank

LONDON CLOTHING CO.

101 TO 103 NORTH SPRING STREET

responded to by Mrs. Adams, who cleverly included the names of all the ladies.

A Bible study was conducted by Mrs. H. E. Becht. Following that a programme was presented, which was participated in by Mrs. Gordon Norman, Miss Ida Edwards, Miss Lillie Cockerell and Miss Lillie Burrows.

Friday Morning.

Owing to the illness of several of the more active members, the business meeting of the Friday Morning Club, already postponed for several months, has been again postponed. At tomorrow's meeting the club will deal with Japanese ceramics under the leadership of Mrs. W. W. Wilson. There will be an exhibition of porcelain.

At Colton.

The Colton Woman's Club met Tuesday afternoon and enjoyed a pleasant programme, although the attendance was small on account of the rain. Current events were discussed by the club members. Miss Tobie French read a most interesting paper which she had prepared on "Norse Mythology." Mrs. J. Moon gave a report of Congressional news.

RECEPTION FOR FLINT.

Chamber of Commerce Plans to Greet Senator-elect—New Officers Chosen.

A reception to Senator-elect Frank P. Flint is to be tendered by the Chamber of Commerce. This was determined upon at a special session of the directors, who met as a canvassing board at the annual election yesterday.

Maj. E. F. C. Klokke and Eugene Germalin, representing a committee of citizens, reported to the directors that this committee had arranged to meet the Senator-elect with a special train on his return to Los Angeles from the North. They requested the cooperation of the chamber, and the decision then was made to hold a reception for Mr. Flint. The appointment of a Reception Committee will be made later.

The directors gave their hearty approval to the founding of a horticultural pathological station in Southern California. The matter was presented by J. W. Jeffrey and others of a special committee representing the seven southern counties, who are endeavoring to obtain an appropriation for the purpose. This committee is to go to Berkeley to take up the matter with President Benjamin Ide Wheeler of the State University.

Plans were made by the directors to hold a reception on the evening of June 2 for the Knights of Columbus, who are to hold their annual convention here in June.

At the annual election of the chamber, the following officers were elected for the ensuing year: President, J. O. Koenig; first vice-president, W. J. Washburn; second vice-president, Charles H. Stephens; treasurer, Charles H. T. Tol.

Chairmen of committees were chosen as follows: Commerce, H. S. McKee; Agriculture and Horticulture, F. Q. Story; Manufacturing, Fred L. Baker; Mercantile Affairs, J. Baruch; Mining, Ernest Murphy; Transportation, R. H. Heeron; Laws, H. T. Lee; Publications and Statistics, Willis H. Booth; County and Municipal Affairs, Oscar Mueller; Health, O. F. Johnson; Finance and Auditing, Gail B. Johnson; Building and Permanent Exhibit, Niles Pease; Immigration, Walter G. Barwell; Boulevards, Parks and Roads, John H. Norton; Exhibitions, A. B. Case; Membership and Grievances, A. W. Skinner.

One of the largest buildings of the plant of the Farr & Bailey Company, Camden, N. J., manufacturers of oilcloth and linoleum, which occupies an entire block, was destroyed by fire today. The loss is estimated at \$20,000.

THE BOSTON DRY GOODS STORE

230 South Broadway, Opposite City Hall, Los Angeles

Our Muslin Underwear sale is now at its height. There still remain thousands of garments which are being offered at about half the regular price.

Great Sale of Muslin Underwear

We unhesitatingly say that this is, without question, the finest assortment of muslin underwear we have ever placed on special sale. These garments are made in the best possible manner, and only first-class materials are used.

Prices are About Half

These garments have been reduced for this Special Sale to about half what you would ordinarily pay for them. The assortment includes all kinds and sizes of night gowns, skirts, corset covers, chemise and drawers. While there is a large assortment of domestic garments there is also a large line of imported French garments. These imported garments are marked at exactly half the regular price.

Blanchard's SHOES Fit the Feet

Coulter Dry Goods Co.

Any Style Skirt

Made Absolutely Free

Astonishing news, isn't it? Absolutely no restriction on style. You may have box pleats, side pleats, inverted pleats, any number of pleats. You simply pay for materials and findings, the cloth to be selected from certain lines of \$1.50 to \$5 black and colored materials that we are particularly anxious to sell before stock-taking. Not old or in any way undesirable stuffs, understand—every piece new this season; all in weaves and shades suitable for year-round wear in this climate; all generously good values.

Heretofore our offer has been to make a perfectly plain walking skirt free—charging extra for other styles and for belts, pockets, etc.

But NOW you get ALL the EXTRA WORK without cost. No time to be lost, though—the offer will be withdrawn the very day we get the stocks reduced to the desired level.

The Black Silk Sale

Second day of our January Black Silk Sale—an annual event that we plan months ahead. Particularly fortunate this year in placing orders for enormous quantities of the most staple sorts before prices started upward—makes it possible for us to sell the most popular grades of taffetas and Peau de Soies at 20 per cent to 33 per cent under the prices asked by those who bought at present market rates: Just to illustrate:

19-inch Taffetas of the 65c quality, 45c a yd.
26-inch Taffetas, quality, 75c.
26-inch French Taffetas, \$1.50 value, \$1.05.
27-inch Peau de Soies, \$1.50 grade, \$1.05 a yd.
34-inch Taffetas, soft finish, \$2.50 quality, \$2 a yd.

A dozen or more different widths and grades in each weave—look up yesterday's papers for full details.

Record Breaking Undermuslins

But as new stocks are being opened as fast as others are sold out the assortments are kept up and the interest increased by selling the broken lots at extraordinary reductions.

As an example of what can be had in the finer grades: Broken lines of gowns, corset covers, long and short chemises, and long and short skirts—duplicates of garments that sold last week at \$2, \$2.25 and \$2.50, now \$1.75.

HAY TUMBLES
IN TERRITORY.
—•—
GENEROUS RAINS MAKE PRICES
TAKE A DROP.

Work Expected to be Resumed Soon on Rio Verde Canal—Tonto Basin Dam Likely to be of Considerable Service Within Two Years—Want to Hold the Babies.

PHOENIX (Ariz.) Jan. 18.—What is generally considered the best rain that Arizona has known for ten years is now in progress all over the Territory. In the higher mountains the storm has brought snow, but from Kingman to Douglas and from Winslow to Yuma reports are coming of a steady down-pour that is soaking into the ground and doing the maximum of good. North of Phoenix the Agua Fria and Hassayampa rivers are filled and to the southward Salt River and the Gila are out of ford. Already nearly three inches of rain has fallen in Phoenix.

usually assuring a fine crop of grain and giving many thousands of dollars' benefit to the alfalfa farmers.

The agricultural season had been good in this valley this winter. Hay had risen to \$15 a ton, the highest price known in twenty years, and pasturage had steadily advanced from \$10 to \$15 per acre per month. It is now expected that each hay value will decline to the former of about \$7, as the farmers will no longer need to keep so many haysacks and stacks for feed for their winter live stock. During December only one-third of an inch of rainfall was recorded, and the temperature for the entire month was recorded was 32 deg., but no frosts were known on the upper levels of the valley. The crop was gathered without damage.

RIO VERDE CANAL

A private report, claimed to be absolutely authentic, is that the work is to be completed at this time. It is stated that the enterprise will be pushed to completion if the government does not stand in the way. One of the conditions of the company's replying to the report, will be the re-

ment of \$300,000 to the early in-
vestors of the enterprise who lost ev-
erything in the purchase of it. The scheme
now being advertised is one in which
active Christianity is the rule, and
the repayment of the outstanding
moral obligations. It is stated
that sales have been made in the East
and West for the purpose of raising
funds to insure completion of the
road from the Verde, twenty-five
miles to the north, to the Colorado
River, and the destruction of the main
dam on the Verde and through the upper part
of the Salt River Valley to a connection
with the Colorado. The road is already
under construction in places and it is
in what is sometimes called Paradise
Valley.

per charge to be made by canal companies for the transportation of water, the farmer not the holder of the right, and that by priority of appropriation to the use of the stream of supply. The price fixed at by Judge Kent by fixing a cent interest as a fair return on the property of desalination, the Salt River, and adding thereto the annual maintenance, and dividing this by the capacity of the canal, the water rates are charged at less per inch, by the capacity of the canal. The company is to be held exclusively outside by the company an arbitrary tariff of \$0.50 an inch per annum.

statemen has been definitely decided by Consulting Engineer Winsor of the U. S. Army, that within three years the Tongue river shall be so far of consideration for damming. The farmers of the Salt River valley are encouraged by this encouragement. The government has brought the matter up so that at least four years before the dam could be built, the Tongue river site, excavation is being pushed on the mountain side. The dam, on a shelf on the Tongue river, will be in the channel of the river. Last week the Tongue river was just coming from the mountains. The dam state that the Tongue river is the most fertile of the finest turnip lands. The Tongue river is the most smooth as a race track, carrying the Tongue river engineering skill. The Tongue river is the most canons and through the mountains. It is abundant in the Tongue river. The Tongue river will be scenery and it is believed that the Tongue river scenic features of the most beautiful scenery of the Tongue river. That an automobile line be

the strongest opposition from the nobles could be met successfully. It is argued that the effort of machines upon the country-bred and mule teams that form a continuous procession would be tremendous, and particularly in the spots of a trifle of excitement would dragon and team over precipices and feet in height. The team are hunting daily at the fate will await the first chauffeur

COMMERICAL.

CITRUS MOVEMENT. The shipments of citrus fruits Tuesday were ninety-seven carloads of oranges, five carloads of lemons; grand total of shipments, 102, of which 25 were lemons.

OUR EXPORTS.

The Bureau of Statistics of the Department of Commerce and Labor issues a bulletin announcing that our exports of manufactured goods in the year 1904 "will probably exceed \$600,000,000 in value," which is a record for the year.

ARTIFICIAL COLORING OF FOOD.

In a specially prepared article for the Chicago "Canner" Dr. H. W. Wiley, Chief of the Bureau of Chemistry, United States Department of Agriculture, expresses the firm belief that no necessity exists for the use of food artificially colored or preserved. Dr. Wiley, who prefaces his remarks by the statement that they represent solely his own individual opinion and are not to be considered the position of the Department of Agriculture in regard to the matter, says that there is no perfectly unobjectionable method of preserving food which are within the reach of every canner and packer. He refers to desiccation, sterilization, and the use of the well known and suggested preservatives, such as sugar, salt, vinegar and wood smoke. He uses the word preservative in his article generally in the sense of chemical anti-septics, which do not reveal themselves either by taste or color. He admits the great difference of opinion among experts as to the influence upon health, and firmly believes that the time is rapidly approaching when the use of such chemical anti-septics in food will

be restricted to emergency cases and to those instances where the consumer requires their presence. He adds: "At this time the consumer who wants to have food free from chemical anti-septics must take special precautions to get it, whereas just the opposite condition ought to prevail; namely, the person who wants them in his food should have to take special precautions to get them." (New York Journal of Commerce.)

LOCAL PRODUCE MARKET.

A quiet tone was the feature of the produce market yesterday, with prices in general well maintained.

There is a better feeling in potatoes and the market is more satisfactory than it has been in days. Woodward islands seem to be the most popular at the present, but other fancy grades are moving off freely. A carload of Woodward islands arrived yesterday morning and instantly found an active demand. Early Rose has moved upward and is now selling in a jobbing way at \$5 to \$5.25. The good demand for sweet potatoes has caused the prices as already quoted.

There is still a good supply of onions on the market, but the price is firm. Prices of Colorado are quoted in a jobbing way at \$3 and Michigan at \$2.50 for which there is active demand.

The cheese market is firm; northern has advanced and is now quoted at \$1.25 to \$1.50. The butter market continues extremely firm and stocks are scarce.

There are no arrivals from the Coast yesterday, and stock is scarce. Prices have reached a low condition, are not being freely drawn upon, which leaves the market for the most part in a state of equilibrium.

Eggs are coming freely into the market, but the price is not as high as it was a few days ago. The market is in a state of equilibrium.

Los Angeles Count

**SNAGS STICKING
IN THE WATER.**

PECULIAR SITUATION NOW BOB
UP IN PASADENA.

May be Municipal and Private-corporation Competition as Result of Kink in Voting—Wealthy Resident Drops Dead at His Home—Ex-Gov. Markham Returns.

PARADENA, Office of The Times
36 South Raymond Avenue, Jan.
—“Good morning! will you have a
glass of municipal water or a glass of
private corporation water?”
likely to be a very common

most question in Pasadena if the
of some deep-thinking men are
ried out on the question of city own-
ship. It has been found that snags
have been struck by the water boat-
men are in the voting. The Lake
and Company stockholders, while

ten to one in favor of the proposition, did not cast the necessary two-thirds of the entire stock or shares. In the opinion of Attorney H. W. Mason, who nearly a score of years ago, was the first charter and by-laws of the company, the water holdings

The polls are closed and there is nothing doing. It would be hard to hold the election all over, and of course, cause a great delay. It seems to me," said Judge yesterday, "that the city might as well drop this matter and go

to acquire a water system of its
and I know that there are a lot
and citizens who agree with me.
I should not suggest it, be-
cause I own water shares and voted to
sell them, for the price offered is good.
I hate to see Pasadena lose on
it.

Let the Council call a bond for \$500,000 instead of \$1,000,000 now planned. For this sum an engine plant can be put in. I verily think that would be the result? An engine of one-half as much as now would be saddled upon the tax pay-

and another thing, the city is offering to buy a lot of old pipe that

the greatest advantage of all
to be found in that an entirely new
line of supply would be developed,
that this part of the country, in-
stead of being oftentimes cramped

... or water, would have an
... of it, and any thinking per-
... will realize what that means in
... California. The present com-
... would not suffer, either. Don't
... suppose that the ranchers in the
... and east, and west would be
... to be able to buy the water

...they cannot now have because
...use it? I should say so.
...sir, this may not be a popular
...to take just now, but I believe
...the proper one. And it is not
...my. Let us consider: It takes,
...speaking, about 500 miners'
...and water to supply Pasadena. It

more and more, and where is the supply to come from? I believe that 1000 miners' water could readily be secured from wells sunk in the neighborhood of California street, and on a line from that point. And this is done by the city at half the

and moreover, we would supply of the present com-

the water-bearing strata, as thoroughly proven. But the avenue well can pump several inches of water, and this would do as well along that upward line. Now is the time to consider this matter

MARKHAM HOME.
H. H. Markham returned yesterday from a month's eastern sojourn, the time having been spent in England. He is still suffering from a sprained leg, the result of a severe fall.

to his home in a carriage, although unable to walk. It was stated that he was last night that the Ex- was resting after his trip, and was a great strain upon him. It will be a long time yet before he will be able to walk.

DROPPED DEAD.

The case will be looked into by the coroner, but the case appears to be a simple attack of the heart which the gentleman had been suffering from. He owned a large orange grove at Upland and was a member of the Knights Templar lodge at Upland.

He was a native of Massachusetts, aged 50 years. He leaves a wife and sister in the East.

Edward Grossendyke of Grove avenue, who is to Guyer's matron of honor. The theme in decoration was pink and white, in trailing sprays, ferns, anilax, in showers of flowers arranged in showers by the use of pink satin ribbons and tulle.

... used with pretty effect
... room. In the drawing-
... decorations were in red, poin-
... giving a gorgeous depth of
... Mrs. Groenendyke was
... her mother, Mrs. Clinton
... Miss Gurer and her six
... Mrs. ...

...filled by Mrs. A. Kingsley
...and Mrs. Curtiss Woodworth.
...There were about sixty
...during the afternoon, the in-
...having been.

Members of the smart set. Embroidered pink crepe and pink chiffon trimmed lace. Miss Marian McGill-Guyer's bridesmaids.

groom, gives a dinner at the
for his ushers. Friday even-
gayer gives a dinner at her
Anadama for the entire bridal

NEW THINGS.

LA
Antel

Orange Growers' Association is preparing to ship about 200 in reported that some of

Thursday is Housefurnishing Day at Hamburger's

Lamburger's
1214 N. Spring St. Los Angeles

A BUSY WEEK FOR THRIFTY HOUSEWIVES

Ever since Monday when the big salvage sale of the Standard Woodenware Co.'s tin and granite ware stock was offered the public together with our Annual January Linen Sale and other merchandising features, this has been a very busy store and thousands of housewives have profited by their shrewdness. Today is our regular Housefurnishing Day, and to keep in accord with the standard established for special features on this one day in the housefurnishing line, your own good judgment and knowledge of merchandise will convince you that such values are seldom offered. Not alone housefurnishings but articles of wearing apparel are specialized and you can make one dollar do nearly the value of two.

Lamburger's
1214 N. Spring St. Los Angeles

Thursday Prices in Carpets and Rugs

There can not very well be a House Furnishing Day without specializing floor coverings and from our entire stock we have selected a few of the very best leaders that will appeal to you from both their sense of worth and their cheapness in price.

85c Tapestry Brussels Carpet per yard 69c
You are familiar with the prices charged for this grade of carpet everywhere and know it usually sells at 85c. For Thursday we offer 500 yards of Tapestry Brussels in room patterns only without borders; colors good and bright and they are serviceable for any room. For the one day, per yard..... **69c**

Tapestry Brussels Carpets—With border to match; will make up into a handsome carpet for any room. They are closely woven; are not remnants but cut from full pieces and are a grade usually sold at \$1.00. A House Furnishing day leader, per yard..... **80c**

Tapestry Brussels Carpets—Very finest, closest weave of this line of floor coverings; are in room, hall and stair patterns; some in scroll effects; others oriental designs and colors. Positively worth \$1.25. Our Thursday price, per yard..... **90c**

Wilton Velvet Carpets—One of the most desirable, best wearing carpets made; are extra fine; are in choice colorings both light and dark grounds. Some are in oriental patterns and regularly worth \$1.75. House Furnishing Day price, per yard..... **\$1.75**

All Wool Smyrna Rugs—A floor covering that will give double the service of almost any other kind. They are exactly alike on both sides; lay close to the floor; are in choice line of colorings and patterns and are all new this season. Prices and sizes as follows:
\$10.50, 6x9 ft. wool Smyrna rug at \$8.50.
\$15.00, 7x10 1/2 ft. wool Smyrna rug at \$12.50.

30c Japanese Matting 19c

This is positively the very best value in matting we have ever been able to offer and they are certainly beyond competition in any other store. They are a Japanese linen warp matting; closest weave; some all white; others white with pin stripes; some of them carpet effects in red, blue and green. They are of finest straw; perfectly reversible; have corded edges and are worth up to 30c.

Special House Furnishing Day leader at per yard..... **19c**
